Rachel,

Unless something unexpected comes up (bureaucratic details necessary for getting clearance from EPA), I will be able to make the call. Thanks for changing it.

Jim

Oh no!  
If I make it an hour earlier, would you be able to make it? Would you have interest?

Hi Rachel,

Sorry, I will not be able to make the call. The 30<sup>th</sup> is my last day of work at EPA, and there is a small WED going away party for me at the same time.

Jim

Greetings,

This is a meeting with Sam Snyder, Dan Schindler, Ann Maest, and Dave Chambers, as well as possibly Carol Ann Woody. They will be coming to give us technical feedback on the revised Bristol Bay Assessment, if it is released in the interim. They will address hydrology, geochemistry, the mine plans, the risk assessment, and fishery topics. If not, they will give us a presentation on their ongoing work.

Call-in number: {Nonresponsive - Conference Code}

In DC, we will be appropriately meeting in the Kenai conference room, which is on the 6<sup>th</sup> floor of EPA West directly underneath where Palmer and I sit.

I hope you can make it.

- Rachel
